

# FUYL Cell™

Charge, store and secure your mobile devices

**Safe and storage.** FUYL Cells are designed to store and secure valuable mobile electronic devices such as Laptops, Chromebooks™, Tablets, Mobile Phones and more. Each Cell has five individually lockable compartments.

**Highly compatible.** Each compartment is equipped with a power point and two USB ports, so you can charge almost any mobile electronic device.

**Lifetime warranty.** LocknCharge products are built to last the distance.<sup>1</sup>

**Secure charging.** Create a secure charging facility in any environment with LocknCharge FUYL Cells. Perfect setup for schools, universities, convention centers or anywhere electronic devices are used.

**Modular and scalable.** Mount the FUYL Cells on a wall or stack them on top of one another. It's your choice! FUYL Cells are designed to adapt to almost any environment.

**Fully ventilated.** Uniquely designed for passive ventilation to minimize heating during charging.

# It just makes life easier.

**Truly universal...** FUYL Cells now feature two USB ports as well as a power point in each compartment. USB-A delivers 2.1 amp power which is perfect for Apple devices including the iPad, whilst USB-B suits other mobile electronic devices.

**Security...** LocknCharge FUYL Cells are equipped with five individual Digital Locks. They work just like a hotel safe so you know your valuable electronics are secured inside.

**Storage...** Each FUYL Cell is equipped with five lockable compartments for storing and charging Laptops and other mobile electronic devices. Each compartment is wide enough to fit almost any sized mobile device.

**Pedestal...** Planning on stacking your FUYL Cells into columns? We recommend that you add a Pedestal to elevate them off the floor. This will provide easier access to the bottom compartments.
