

CarryOn™

Mobile Charging Station

Charge, store, secure and carry up to five iPad or tablet devices.¹

Specs: 313 mm (L) x 183 mm (W) x 303 mm (H) | 2.5 kg

LocknCharge makes life easier.

Ultra Mobile. The CarryOn is the most portable charging station on the market. Its compact design coupled with built in handle makes transporting and distributing devices easier than ever before.

Wall Mountable. The CarryOn includes a handy wall mounting kit so that you can transform any wall into a space for storing devices.

Kiss Those Tangled Cords Goodbye. It's virtually impossible to tangle the charging cables in the CarryOn Mobile Charging Station. The cords are just the right length to reach each device—no more, no less, no mess.

Compatible & Efficient Charging. Universal design and 2.4 amps of power at each port make the CarryOn small but mighty. Compatible with most iPad models, as well as other USB chargeable devices,¹ you can simultaneously charge five at the speed of one.

Ultra Mobile, Ultra Efficient

Save Time. Save Money. The CarryOn enables employees to quickly and easily locate fully-charged mobile devices at the beginning of every shift. Because of the simple cabling and short cords, they're also able to plug in devices lickety-split, saving valuable time.

Small but Mighty. At just five and a half pounds, the CarryOn won't weigh you down. Its aluminum construction and built in handle make it light, durable and ready for travel. Plus, the small footprint and wall mounting bracket keep desk or counter space free from clutter.

Additional Key Benefits

Taking Portability to the Next Level. The CarryOn holds up to five devices, together with all the charging hardware and cables in one clean, compact unit.

Efficient and Compatible. An intelligent USB charger delivers 2.4 amps at each port for up to five 178-254 mm tablets, with or without cases, up to 25 mm thick.² That's Level VI Efficiency for you power geeks out there.

Small Footprint, Big Power. You don't have space to waste in your classroom. That's why the CarryOn fits anywhere—mounted on the wall or tucked in a corner.

Peace of Mind. The CarryOn includes a keyed lock, aluminium outer shell and impact resistant alloy edging to keep devices safe, secure and protected.

Neat and Tidy. A cable at the back of the unit plugs into main power, then wraps around the cable cleat when you're on the move. The transparent door allows you to quickly check that all devices have been returned.

Tough as Nails. The CarryOn Charging Station is built to last and is backed by a lifetime warranty worth writing home about.

More Than Just a Pretty Face. Form meets function with this sleek and durable design, topped off with an aluminum handle for comfortable and easy carrying. Available in blue, green, red and black to match any environment. White is an exclusive color available through Apple.
