

iQ 16 Sync Charge Box™

Sync and charge up to 16 iPad®, iPad Air™, iPad mini™ or other iOS devices.

Efficient syncing means more time to teach and learn. Using iTunes or Apple Configurator on your Mac, the iQ 16 Sync Charge Box™ can sync up to 16 devices simultaneously.¹

Designed to be portable. Sync and charge anywhere, anytime. The iQ 16 Sync Charge Box is a hand held USB hub that can be carried to locations where iOS devices are stored.

2 year warranty. LocknCharge Products are built to last.²

Efficient charging makes for a more productive iOS device. Equipped with 16 (2.1 amp powered) USB ports so you can connect and charge up to 16 devices simultaneously.

Compatible. The iQ 16 Sync Charge Box is designed to connect with any iOS device.²

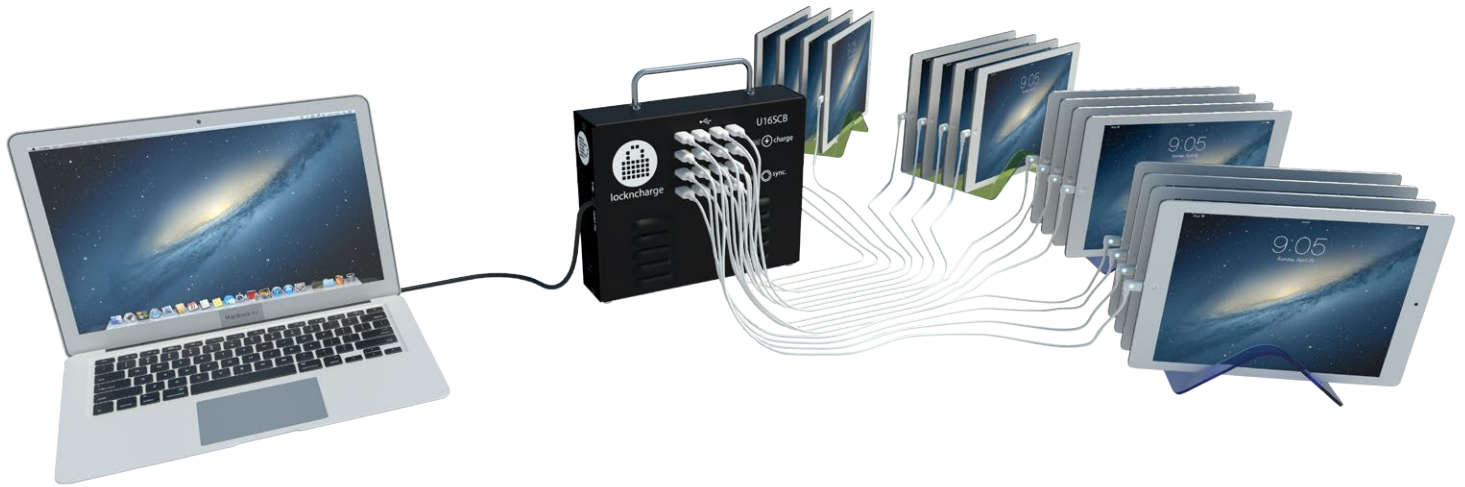

Lightning™ to USB Cables. Equipped with 16 MFI approved cables.

lockncharge

It just makes life easier.

MFi Approved Cables™ Lightning to USB cables are included with the iQ 16 Sync Charge box.

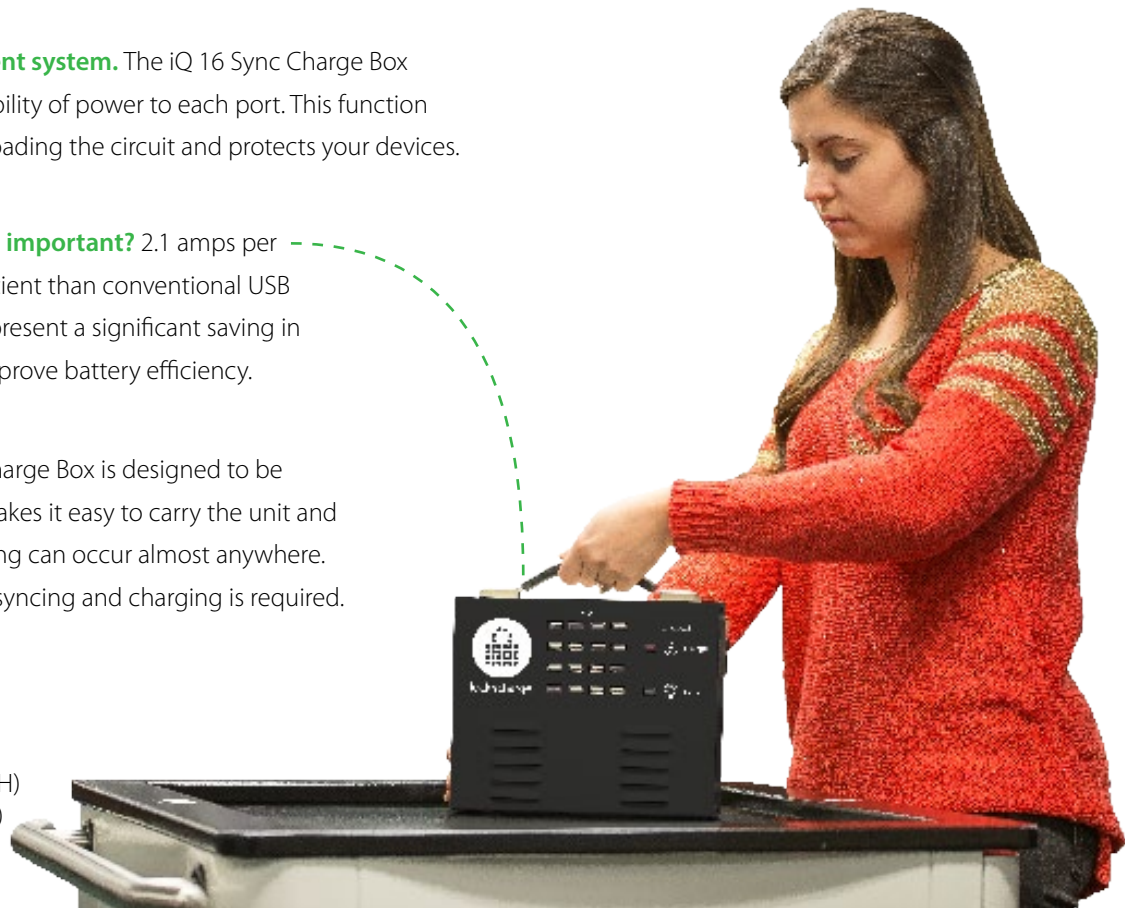

Intelligent power management system. The iQ 16 Sync Charge Box automatically stages the availability of power to each port. This function prevents the potential of overloading the circuit and protects your devices.

2.1 amp charging. Why is this important? 2.1 amps per port makes charging more efficient than conventional USB chargers. Not only does this represent a significant saving in time, it can also significantly improve battery efficiency.

Portability... The iQ 16 Sync Charge Box is designed to be portable. The built-in handle makes it easy to carry the unit and means that syncing and charging can occur almost anywhere. Simply carry the unit to where syncing and charging is required.
