LocknCharge makes life easier.

Top-Loading Cart Design.

The lid folds all the way down to the sides of the Cart, allowing for unrestricted access to devices from all four sides and making hand-out and pack-up even quicker. Plus, there's no bending down to remove devices from a bottom shelf.

ECO Safe Charge™ Display.

The iJ 36 Cart makes it easy to know the charging status of your devices through the external ECO Safe Charge™ display. ECO Safe Charge™ handles power requirements of almost any device by staging the availability of power.

Easy Access to Cables and Bricks.

Our "toolbox" design stores devices in a removable tray for easy access to bricks, cords and cables. Cords stay organized in the side cable channels.

Easy to Cable. Cable management has been simplified so that you can wire an entire Charging Cart in minutes. Angled outlets perfectly accommodate MacBook Air, MacBook and MacBook Pro power adapters. Save time with set up, and gain time using your efficient Cart.

Easy to Cable. Easy to Move.

Save Time, Save Money. Our goal is to save you valuable time, thus putting money back towards your bottom line. 360-degree access enables hand out and pack up of devices in less time. Plus, iJ 36 Carts are easy to cable, so you can spend less time wiring carts and more time working on other high-priority technology projects.

Perfect for Shared Use. Not enough devices to go around? No problem. You can easily share a Cart of mobile devices between multiple areas without the fuss. Our lightweight, easy-to-maneuver Carts allow you to transport mobile devices quickly, safely and easily.

Additional Key Benefits

Magical Unicorn Lifetime Warranty. All of our products are now fully backed by a lifetime warranty on the main frame, electrical and all other components.* It's a one-of-a-kind guarantee that's as unique as a magical unicorn.

World-Class Customer Support. Our helpful and friendly Customer Support team will promptly assist with any product issues or questions that may arise.

Compatible & Efficient.¹ iJ 36 Carts can accommodate and charge up to 36 of almost any Apple device with or without cases, including Logitech® Rugged Cases.

Affordable. Enjoy great Cart features LocknCharge is known for at a more entry-level price.

Smaller Footprint. iJ 36 Cart lids open vertically and fold down completely, leaving a smaller footprint in tight spaces.

Future-Proof. Think inside the box, and you won't be stuck with a bunch of outdated Carts. Removable racks allow this Cart to adapt to future needs as devices change or new technology is added.

Safe Power Management. Never blow a fuse again. ECO Safe Charge™ handles power requirements of almost any device by staging the availability of power. Plus, it ensures that devices are not overcharged, increasing their longevity.

Secure. Protect your device investment without worry. Lock away devices in the storage area with a padlock.

Lock Included. Our Carts come with a high-quality, stainless steel lock and keys.
