Packaged Docking Kit (36 Docks) Specs: 482 (L) x 393 (W) x 380 (H) mm | 8.5 kg

LocknCharge makes life easier.

Convert a Dell Compact 36 Charging Cart to USB-C at Minimal Cost.
The LocknCharge USB-C Docking Kit enables a Dell Compact 36 Charging Cart to be converted to USB-C power docking ports. This ensures that your charging cart investment will continue to provide reliable charging to your USB-C Dell 3100 Chromebooks at a list price of only \$699 SRP.

Quick Connect Technology. Patent Pending Quick Connect technology by LocknCharge allows users to slide Dell 3100 Chromebooks into the dock to charge without dealing with cables. The USB-C connector is positioned perfectly so that it quickly connects to your device to begin charging.

Installation in Just 30 Minutes.
The LocknCharge Docking Kit is so easy to install that a cart can be converted in 30 minutes or less, saving cart owners significant time and money. Simply remove the old DC Barrel cables, docking slots or cart dividers, and replace with LocknCharge USB-C docking slots. USB-C cables are securely connected with one quick click.

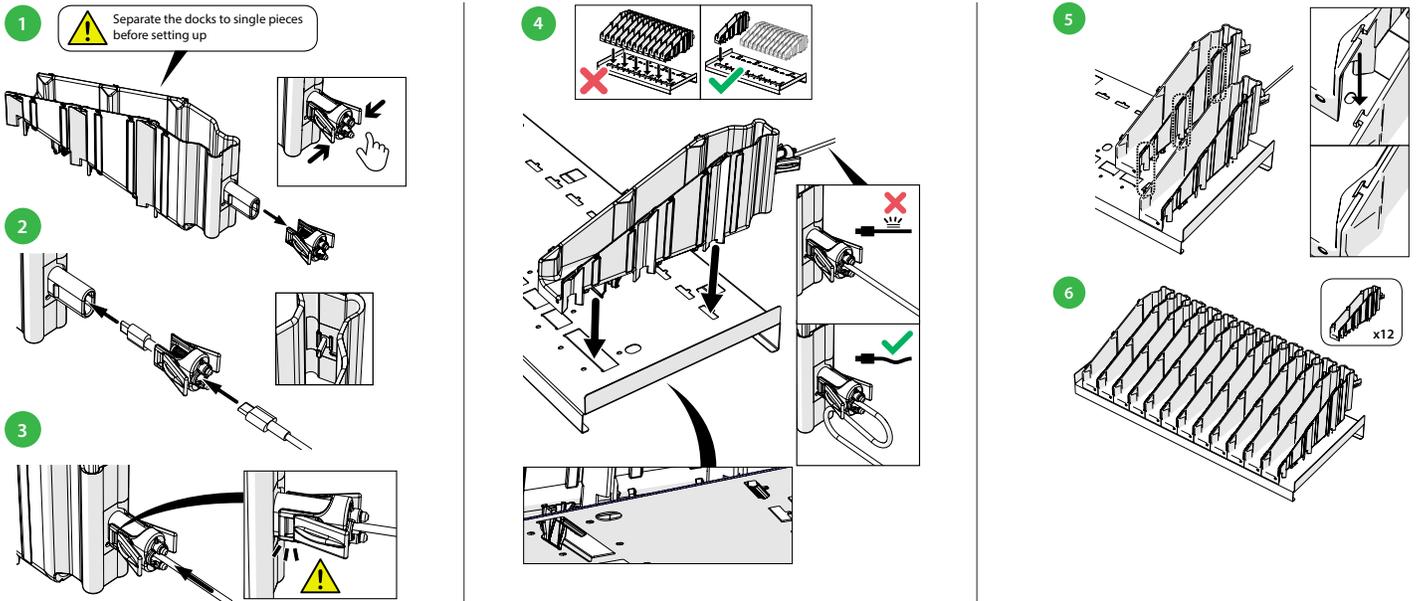

Rigorously Tested. Testing proves the durability and stability of the LocknCharge USB-C docking slot and power adapter. During testing, Chromebooks were docked and undocked over 9,500x with 0% failure rate.¹ You can be confident that your USB-C power adapters won't be damaged during cart use.

How it Works

Simple installation allows a cart to be converted from DC Barrel power ports to USB-C power ports in 30 minutes or less.
